

THE BEST OF MANY WORLDS

LADIES FROM HELL

Science fiction stories by
KEITH ROBERTS

These stories embody all that is most important in science fiction: they are salutary, disturbing and thought-provoking, making us look afresh at our world, our society and ourselves. They illuminate both what we could well do without and what we should fight to preserve. 7½ x 4¼in / 198pp

THE ULTIMATE JUNGLE

MICHAEL CONEY

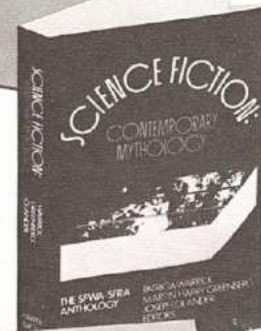

'Mankind will cease to exist at 6pm on 28 March 3256.' So the computer predicted the end of mankind. Matt Service finds himself involved with mind projection experiments and begins to experience life on a future Earth, a world of shallow seas, mutated trees, and strangely evolved animals. It is a world which soon becomes REAL!

RICHARD COWPER

His New Volume of Stories

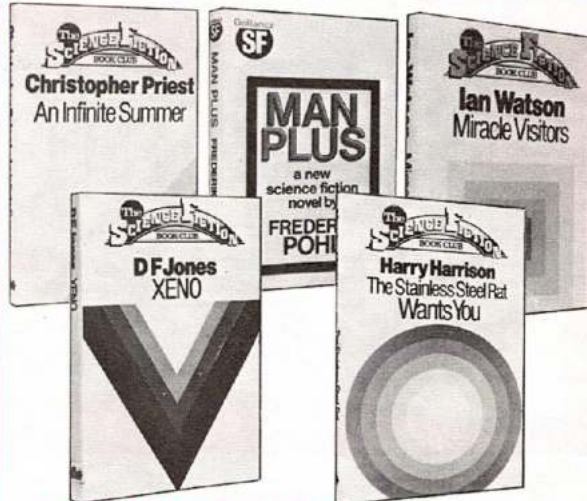

THE WEB OF THE MAGI

The title story is a full-blooded adventure fantasy. Other stories are concerned with humanity's first encounter with intelligent life and an infinitely subtle alien game. The whole collection re-affirms Richard Cowper's immense versatility and mastery as a storyteller. 7½ x 4in / 160pp

MECHANISMO

HARRY HARRISON

In *Mechanismo* you can see tomorrow today.

In *Mechanismo* intergalactic space travel has arrived. So have biotic robots, space cities, time machines and massive computers.

In *Mechanismo* you'll see them all in full colour and then as engineers' technical drawings, plus the drawings for an actually planned NASA space colony 25 miles long and 2 miles across.

In *Mechanismo* you become part of a future world that may one day exist.
